Ludhiana, Punjab, India | Open to remote opportunities

mohdmiraj143@gmail.com | +91 80547 28743 | ermiraj.com

7+ YEARS

PRODUCT DELIVERY

PROFESSIONAL SUMMARY

Full-stack software developer with 7+ years of experience building responsive websites, production React applications, marketplaces, real-time features, payment flows, document automation, and business web platforms. Skilled at translating product requirements into accessible user journeys, reusable frontend architecture, dependable API integrations, and maintainable delivery plans.

CORE COMPETENCIES

Frontend Engineering	React.js, Next.js, TypeScript, JavaScript, Redux, responsive UI
Backend & Integrations	Node.js, Express.js, NestJS, REST APIs, WebSocket, Stripe
Data & Delivery	PostgreSQL, MongoDB, Docker, AWS, Git, CI/CD, Agile/Scrum

PROFESSIONAL EXPERIENCE

Software Engineer - Frontend (React.js)

Jul 2023 - Present

BirchStreet Systems India Pvt. Ltd. | Noida, India

- Develop and maintain production web applications using React.js, TypeScript, Mantine UI, and Tailwind CSS.
- Contribute to OCR automation for the NA IMS system, streamlining document-processing workflows.
- Build reusable interface components and integrate REST APIs for clear, responsive user experiences.
- Collaborate with backend, QA, and product teams on architecture, performance, and release quality.

Frontend Developer

Nov 2021 - Jun 2023

Luminoguru Pvt. Ltd. | Ludhiana, India

- Led frontend development for Cartobike, a marketplace for buying, selling, and auctioning vehicles.
- Built live-auction and buyer-seller chat experiences using real-time WebSocket communication.
- Integrated Stripe payments and subscription memberships with responsive customer workflows.
- Designed scalable React and Redux component architecture; mentored developers and reviewed pull requests.

EARLIER EXPERIENCE

Frontend Developer

Jul 2020 - Nov 2021

Infino Digital Agency | Ludhiana, India

- Built modern client interfaces with React.js, JavaScript, SCSS, and responsive CSS.
- Translated UI/UX designs into production-ready code and integrated REST APIs.
- Partnered with designers and backend developers on browser compatibility and performance.

Associate Web Designer to Frontend Developer

Apr 2018 - Dec 2019

Digimantra Labs | Ludhiana, India

- Progressed from web design into frontend development through hands-on delivery and continuous learning.
- Delivered responsive WordPress, Shopify, and custom CMS projects using HTML5, CSS3, SCSS, LESS, and JavaScript.
- Implemented reusable UI patterns, third-party libraries, performance fixes, and client-ready themes.

SELECTED PROJECT EXPERIENCE

Cartobike - Vehicle Marketplace

React marketplace with real-time auctions, WebSocket chat, Stripe payments, membership flows, and mobile-responsive listings.

NA IMS - OCR Automation

Production document-processing interfaces that help digitize and streamline procurement workflows.

Business Websites & Ecommerce

Responsive WordPress, WooCommerce, Shopify, and custom web experiences built for client operations and customer conversion.

TECHNICAL SKILLS

Frontend	React.js, Next.js, TypeScript, JavaScript, Redux, React Router, Mantine UI, Tailwind CSS, SCSS
